Nouf Al Otaibi

Profile

Dedicated Office Manager with over 8 years of experience in executive support and office operations management within healthcare and corporate environments. Proven ability to streamline administrative processes, coordinate cross-functional teams, manage confidential documentation, and support senior leadership in achieving organizational objectives. Recognized for developing efficient document control systems and contributing to strategic healthcare contracting initiatives through effective coordination and documentation management. Adept at managing complex schedules, ensuring regulatory compliance, and fostering productive stakeholder relationships. Technically proficient in Microsoft Office Suite, documentation systems, and scheduling tools, with working knowledge of Power BI. Seeking to utilize my proven abilities in a forward-thinking organization.

Experience

Office Manager

Security Forces Hospital | 2022 – Present

- Oversee daily administrative operations to ensure the smooth, efficient, and organized functioning of hospital departments and support services.
- Develop and implement administrative policies, procedures, and workflow systems to enhance operational efficiency and patient service delivery.
- Manage office budgets, track expenses, and ensure cost-effective use of resources.
- Supervise administrative and support staff, delegate responsibilities, and evaluate performance to maintain high standards of service and professionalism.
- Coordinate office facilities, medical administrative areas, equipment, supplies, and maintenance activities to support uninterrupted healthcare operations.
- Handle vendor management, including negotiating contracts and maintaining relationships with suppliers and service providers.
- Ensure compliance with hospital policies, healthcare regulations, accreditation standards, health and safety requirements, and applicable legal guidelines.
- Organize and execute internal meetings and operational activities with precision, ensuring smooth logistics, timely preparation, and effective issue handling.
- Support HR functions such as onboarding, attendance tracking, and employee records management.
- Coordinate IT and facility support to ensure all systems and equipment function properly.
- Monitor administrative processes and implement continuous improvements to enhance operational efficiency, patient experience, and staff satisfaction.
- Oversee procurement activities, including ordering administrative and non-clinical supplies, tracking inventory levels, and ensuring resource availability.
- Address operational and administrative issues promptly, providing practical solutions to support patient care and departmental objectives.
- Prepare reports, performance summaries, and operational analysis for hospital leadership to support informed decision-making.
- Act as the main point of contact for office-related inquiries and operational support.
- Coordinate and support departmental initiatives by managing communication, documentation, and follow-ups, strengthening workflow efficiency and cross-team alignment.

Executive Secretary

Yuksel Saudia | 2019 - 2022

- Coordinated departmental meetings to address team concerns and operational challenges through effective stakeholder communication.
- Managed correspondence to ensure professionalism, accuracy, and alignment with company standards.
- Established a document control system for secure archiving and efficient information retrieval.
- Managed the executive's calendar to prioritize appointments and maximize productivity.
- Developed databases for team members to enhance information access and administrative efficiency.
- Monitored project tasks to ensure timely completion and accountability.
- Prepared detailed agendas, minutes, and documents for effective decision-making and record-keeping.
- Acted as liaison between departments and external partners to ensure smooth communication and resolution of matters.
- Coordinated logistics for executive meetings, including venue arrangements and participant communication.
- Assisted in generating reports and presentations to support strategic planning.
- Ensured confidentiality of sensitive information while adhering to company policies.

Key Achievements

- Prepared and coordinated the medical administration documentation and compliance requirements for healthcare accreditation standards, ensuring readiness for regulatory reviews and quality assessments.
- Served as the Administrative Coordinator for the hospital-wide Mortality Committee, managing confidential documentation, meeting coordination, and committee records while maintaining strict confidentiality standards.
- Contributed to a strategic project for contracting private healthcare providers to address service capacity requirements, participating in proposal evaluations, meeting coordination, and documentation of procurement activities.
- Reviewed and validated service claims and invoices submitted by contracted healthcare providers, ensuring billing accuracy and compliance prior to processing completion certificates and payment approvals.
- Established a comprehensive filing and indexing framework for the Medical Administration Department, significantly enhancing document organization, retrieval efficiency, and record management practices.
- Developed and maintained a structured employee database for the department, creating standardized processes for personnel information management and improving administrative reporting capabilities.
